## Rendering the presentation

---

- ▶ Export or save as .jpg files the four slides already created on Power Point or Keynote.
- ▶ Record an audio file on your smart phone up to 150 sec as you would present the slides in front of an audience
- ▶ Fill in the declaration form ([link](#))
- ▶ Send the files created above to [emeacchat2chat@yahoo.com](mailto:emeacchat2chat@yahoo.com) with a short cover letter describing the aim and conclusions of your presentation

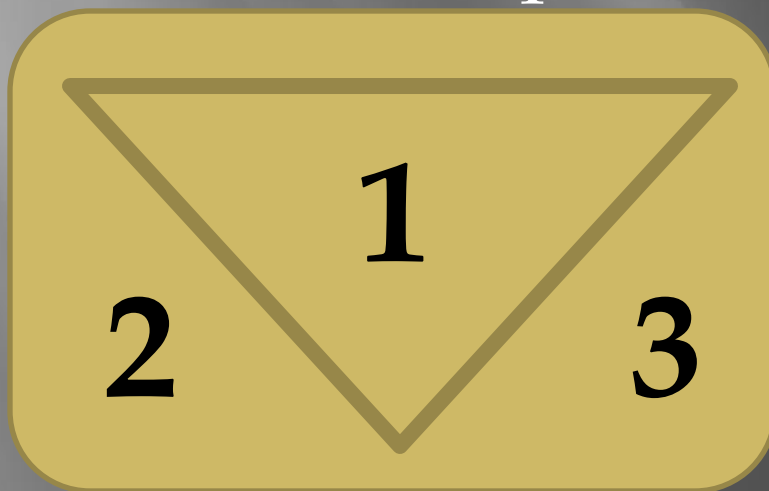

# EMEA Chapter Chat

## Tips to the authors

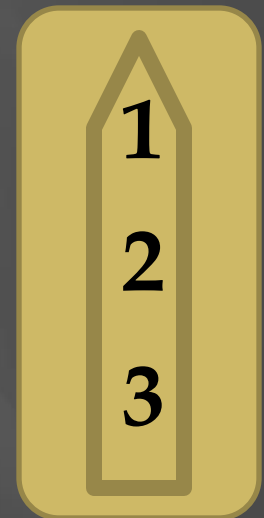

- ▶ Please be aware the presentations will be seen mainly on mobile devices so design your information accordingly:

Desktop

**Pyramid**

Mobile

**Obelisk**

- ▶ The presentations with high ratings would be considered for uploading on to the IFCN/EMEAC web site.
